A 4-Part Series For You

"The Art of Aging: Plan Your Roadmap"

As we age, we recognize the need to take care of our minds, our bodies, and numerous housekeeping tasks that go along with living life to the fullest. We also realize the importance of thoughtful planning for our final stage of life. When we plan, we and our families enjoy many benefits including living a happier and healthier life, deciding how our life will be celebrated, and bringing peace to family members now by sparing them from painful decision-making during a stressful time in the future. Don't miss this 4-part series as we delve into each of these topics thoughtfully, pragmatically, spiritually, and sometimes even humorously.

All sessions include lunch, are FREE and open to everyone. Please join us!
